### Chairman's Message

"It is true to the fact that one simply cannot achieve all the things require to clear any defence exam or in other words, the dexterity or skill required to crack any level of examination cannot be automatically acquired."

"The level of the competitive exams has attained a profound increase lately and because of that, aspirants today are becoming more and more aware of the latest happenings and the latest trend of the exam pattern. My advice to those who are somehow novice in all these things is to be aware and never be afraid of any of the formats of the defence examination."

"Remember, it is you who had chosen this path. I must tell you that this journey will be tiresome and enduring, but the determined always excels. All can be achieved, only if you are honest to your studies, teachers and most of all yourself."

Heartiest Wishes,  
Capt. Om Prakash Singh (Retd.)

## Proud moment for NDDA

.....We want next to be you.
